Item: Box of crayons

How many of you desire to be successful?

Statement: We could learn a lot from a box of crayons. Some are sharp, some are pretty and some are dull. Some have weird names, some get broken, some used more than others, some even have to go through a sharpener! but all live in the same box (Hobby Lobby)

Crayon Facts:

133 standard colors

13 retired colors (magic mint, maize, etc.)

Colors have been renamed over the years:

Blush – cranberry

Atomic tangerine – ultra yellow

Over the years many additions:

Silver swirls

Scented

Gem tones

Changeable

Glitter

Heads & Tails

True to life

But all started with 8 colors (the basics):

Black, brown, green, purple, blue, orange, yellow, red

So? Fads come and go.... Stick with the basics.

High volume store or low volume store stay in the box..... the world tells us to think outside the box....I am telling you stay in the box! Follow instructions!

2 Tim. 2:19 Nevertheless, the foundation of God standeth sure, having this seal, The Lord knoweth them that are his!

Regardless of what kind of crayon you can relate to.... You have value. Be faithful to the spot you are in. We are all different. We all have areas we are stronger in than others and areas that maybe are not so strong. But we all have value.

My prayer for each of you Be successful! In Jesus Name. Amen.
